

**BRIDGING
THE GAP**
THE DOMESTIC ABUSE PROJECT
THAT'S CHANGING THE CONVERSATION

DABS recently received this list of international organisations that support domestic abuse victims.

Whilst the majority of contacts in this document are for female victims, DABS remain committed to supporting all victims of domestic abuse regardless of their gender, ethnicity, sexuality, religion, disability or social and workplace position.

If you are aware of a similar list for male victims and their children, please do let us know and we will add it.
